# Invitation

1 December 2015

Reference number: ho15u0454

Dear residents, local business owners and all other interested parties,

**We cordially invite you to join us for 'Coffee With the Neighbours' on Thursday, 10 December, from 7 pm to 8:30 pm, in the Piramidezaal in Building BG5, Oudezijds Achterburgwal 237 (entrance to the right of the Academic Club, through the archway). During this meeting we will provide you with an update on the latest developments at the City Centre Campus, followed by an opportunity to discuss all the details with each other.**

In the past few years, the UvA has been working to establish four open city campuses. The City Centre Campus, which is based at and around the Binnengasthuis premises and the Oudemanhuispoort, is the fourth and last campus to be developed, and is the future home of the Faculty of Humanities and the University Library.

## **Developments**

In the past year there have been numerous developments in the realisation of the City Centre Campus. The Art History and Cultural Studies departments moved into their new premises on Turfdraagsterpad in summer, the Service and Information Centre relocated from its office on Binnengasthuisstraat to the Roeterseiland Campus, and plans for the new University Library at the Binnengasthuis site were submitted to the academic community following disagreement over the UvA's policies.

In addition, the past period has seen several developments with an impact on present and future UvA accommodations. These developments require us to take another critical look at existing plans for the City Centre Campus.

## **Meeting**

During the plenary part of the meeting we will tell you more about the main developments connected with the City Centre Campus. The second part of the evening will be set aside to answer your questions. As usual, an independent chairperson will preside over the meeting.

## **Further information or questions**
